

## *Samwel JULIUS, 12 years old*

*Samwel* has been a resident of the Green Door Home in the Boona-Baana Centre since January 2004. Before coming to the Green Door Home, he used to live at Kurasini Orphanage. Samwel was abandoned as a toddler and has no identifiable family members. He currently attends the Hekima Waldorf School and is in Grade 6.

Samwel is an *outgoing and cheerful boy*, and is both inquisitive and mischievous. He is talkative and sociable, and makes new friends easily.

*He enjoys* school, especially Science and Mathematics, which are his favourite subjects. He is on the school football team, and represents his school in inter-school football tournaments. Samwel also loves playing table tennis, and is the *Boona-Baana table tennis champion!*

The Boona Baana Centre is in need of additional financial assistance for Samwel with regards to his school fees, which are in the region of US\$600 yearly, including textbooks, uniforms and extra-curricular activities. If you would be interested to be *a sponsor* or to *make a contribution* towards Samwel's school fees, contact [boonabaana\\_center@yahoo.com](mailto:boonabaana_center@yahoo.com).
